

Equisports Massager™

The Equisports Massager is an investment in prevention.

By incorporating massage into a horse`s basic regimen, you can naturally increase efficiency - *by as much as 20%!*

Equisports Massager is a safe, non-invasive and easy to use massage therapy solution from poll to hoof. The investment in the massager will bring your horse

WHEN SPLIT SECONDS COUNT...
WHEN A QUICK TURN CAN MAKE A DIFFERENCE...
WHEN YOU NEED ENDURANCE...

EQUISPORTS™ Massager
The Gold Standard in Equine Massage

www.horsemassagers.com

years of beneficial stimulus, in your barn or wherever your competition will bring you.

Each unit is equipped with an automatic GFCI (Ground Fault Circuit Interrupter) safety device, a 25 foot power supply cord and a handsome shoulder bag, so your horse is never without the benefit of massage...*because performance counts.*

Your Equine Athlete is expected to perform at his best, even when he is sore due to muscles that may be affected with toxic, lactic acid build up.

Using the Equisports Massager you can deliver oxygen rich blood by increasing circulation and speed up the elimination of wastes and other buildup in your horse`s muscles.

We know performance counts, and you can count on the Equisports Massager and a consistent massage therapy regimen to improve your equine athlete`s performance and overall quality of life.
