

## **Equisports Massager™ Testimonials**

***"This massager is great! Everyone who tries it, wants one."***

Leslie K. Stohlgren, Hunters & Jumpers / Instruction-Training-Sales, USA EQ Judge at  
LOS CEDROS USA, LLC, Scottsdale, Arizona  
[www.lesliestohlgrenllc.com](http://www.lesliestohlgrenllc.com)

***"We use this massager unit post treatment for back injuries and see real benefits from the non-invasive deep tissue response."***

Gary Kaufman DVM, Scottsdale, Arizona

***"I am not one to get excited about allot of "New" things in the Horse Market but I am totally convinced that this product not only performs to the standard that is claimed but surpasses any of my expectations! You will be able to comfort and assist your horses "Yourself" and drastically reduce dollars spent on Chiropractors and Vet Bills. I use it here at the Arizona Cowboy College and take it with me when I travel for Clinics and TV Shows. I was so glad with the results that I have the Massager available on my web-site. I have seen immediate improvement in horses that many other methods not only failed but people conducting the treatment could not get near the horses do to their discomfort. I cannot say enough great things about the massager, the manufacturers and the people who distribute this massager."***

Rocco J. Wachman, Senior Instructor, Arizona Cowboy College  
[www.cowboycollege.com](http://www.cowboycollege.com)

***"The EQUISPORTS Massager is the first machine that I ever used in my practice. This is the only massager that I have found that I can safely work on the horses Suspensory branches, stifles and directly on the bone releasing tension in the knees and hocks."***

Clell Usher - Rising Sun Equine Therapy, Inc. [www.risingsunequine.com](http://www.risingsunequine.com)

***"The heck with the horses! LOL. When Dick sent me the EQUISPORTS Massager to try I was a little hesitant. I do not endorse products generally but have to say that I feel this is a great product. We have used this massager on each other as well as the horses and all seem to love it. I feel that it is a great maintenance tool for the owner, trainer or groom and helpful as something that can be very beneficial in preparing the fascial layers and superficial tissues for deeper massage work. The vibration and oscillation frequencies appear to be set well and have the desired effect depending on the duration and depth of application. Good job guys!"***

***"As a certified equine massage therapist and owner of competitive dressage horses I know the value of massage for the horse. The Equisports Massager allows you to massage your horse effectively in less time. A regular massage will keep your horse happy. I am happy to have joined the Equisports family being able to offer this quality product at our on-line store. A portion of our profits will be donated to a rider affected by breast cancer. Happy riding!"***

"Promotors of classical horsemanship" - Lucie Burdon

**Pro-One Marketing BVBA (Belgium) "A great product for the performance horse."**

[www.pro-onehorsecare.be](http://www.pro-onehorsecare.be)

"I love my EQUISPORTS Massager and so do my horses. My pro rodeo horse was having problems tying-up; since I started using this equine massager those problems have completely gone away. The EQUISPORTS Massager is so portable and easy to use that I take it with me every where and use it before and after each run! I would recommend it for any horse to deal with the daily wear and tear of training and especially the strain of hauling. This is the perfect way for me to keep my horse feeling relaxed, fresh and ready to go no matter where I go.

Jackie Dube... Professional Barrel Racer

"I have used the EQUISPORTS Massager for about 3 months now on my two horses. Shadow was scared of it at first, but now hangs his head and enjoys his massage. Kat did not mind the massager from the start. Both seem to enjoy their massages (when they can get it away from me!) I am always looking for someone to massage my shoulders and back, and the EQUISPORTS Massager is awesome! Now that I know how well it works on my horses and me; I would not hesitate to recommend the EQUISPORTS Massager to any person or horse that has muscle or back pain! The EQUISPORTS Massager is easy and convenient to use." Molly Powell [www.mollypowell.com](http://www.mollypowell.com)
